Jiangmen Yuansheng Hardware Co. Ltd was established in 2003, located in Jiangmen, Guangdong province which is around 3 driving hours away from Hongkong. Our factory covers an area of over 10,000 square meters with two show rooms. We have 3 work shops, 5 business divisions, 8 production lines, 120 skillful workers including 25 highly skillful workers. All the facilities and human resource enable us to be the professional manufacturer from raw material cutting, mould forming, powder coating, packing and shipping. We are specialized in manufacturing of galvanized products, ranging from household, kitchen, laundry, bathroom, office and gardening products related. Our hot sale products including but not limited as galvanized watering can, flower pot, ice bucket, serving tray, storage can, bread bin, candle bucket, trash bin, incinerator, chicken feeder and so on. Besides, our products have been tested & passed by FDA, LFGB, which is meaning Food safty and environmental friendly. In Additional, our factory has passed BSCI, FSC, WILKO, etc factory audits.

With 15 years' steady development, we have earned the trust of customers globally by competitive advantage products, strong R&D capability, perfect after sales service and excellent quality management system. With the principle of "Specialty, Integrity, Innovation' to treat every customer and partner, we have built long-term and solid cooperation with customers from US, Europe, Australia and Japan etc. We have also gained high reputation from our main customers including Apollo, Wilko, Aldi, Target, TSC, etc.

Yuansheng Hardware Co. Ltd aims to explore and add up more value on our galvanized products items. We will work together with our esteemed customers and partners to create prospective future and achieve win-win benefit. Thank you.

FACTORY OVERVIEW

PRODUCTION INSPECTION

OUR TEAM

CEO

Chairman of Jiangmen Yuansheng Hardware Co., Ltd.

Company Orientation & Principle: MIF+garden for better product, for better life!

Industry view: The metal crafts industry will be personalized development and give customers a better life & experience in future.
Good luck to you!

Overseas division

Always focus on providing the best service to you. Customer satisfaction is our unremitting pursuit, on the one hand, we treat the high quality, products rich in complete operation manual for backing, the first response to customer demand, provide the most professional, most comprehensive solutions; On the other hand, we timely feedback the market demand, so that our products are constantly innovating to adapt to the new trend, and more appropriate to meet the needs of users in the dynamic. Overseas sales department, we are not only your loyal customer service staff, but also your trustworthy professional engineer.

Production department

We are a professional and young team, always in response to customer demand for the first time. Our products are very wide, because we want to provide the best overall solution. Customer success is our success, we are fighting in the front line of sales engineers.

QC

Quality is Deemed to the Life of the Enterprise. Each batch of products must undergo a triple strict inspection before they leave the factory. In order to avoid the damage in the transportation process, it is necessary to check that the packaging is in good condition. In order to reassure customers, I will also send the quality inspection report to the customer. Under our strict inspection, over the past five years, customers have not received a shoddy product.

Marketing researching

We and customers, sales will go to form a team, do a market research, fulling understand user needs and preferences, coupled with the customer's opinion, the design scheme is determined. With the preparation of the early stage, the products of mif-garden design received the customer's welcome and became a local hot seller.

Technology team

All customers are focusing on quality, while the diverse needs of the market faster. We have experienced and highly innovative research and development team capabilities, adhere to quality, innovation, to meet different customer needs, providing customers with the most satisfactory products.

Order following division

Let clients feel comfortable and easy communication during order. We will control the whole proceed after order, during production, shipment and after sales service.
